

## A Message to our Members

Another year has come and gone, and it's hard to believe we are nearing 2019. Looking back on 2018, I realize what a tremendous year we've had in meeting the needs of our members. Over 840 new members have joined our family to realize the privileges of credit union membership. With a focus on financial advocacy, ICCU offers competitive products and services with lower banking fees, higher dividends and some of the best loan opportunities you will find throughout the region.

And it's not all about banking with ICCU. Our team invested in our communities by participating in events such as CornFest, Smallville Superfest in Plano, the Pumpkinfest Parade and so much more.

It is our members, our community and our employees that have made this such a great year for our Credit Union, and we look forward to carrying that momentum over in the New Year.

Each New Year brings new beginnings and fresh starts. Resolutions are made to help change habits or accomplish personal growth. For some, that may be in the form of exercising or eating healthier, while others may resolve to learn a new skill or work on self-improvement. And many people choose to make resolutions that focus on something just as important: financial health. If you decide upon a goal to improve your financial well-being, know that you are not alone. Setting savings goals for the New Year can be a great way to help you get on the right track with your finances, and we are here to help!

To make your savings goals more attainable, we offer a money market account that pays higher dividends than a traditional savings account yet still gives you the flexibility to withdraw your funds when you need it. Our new **Solutions Money Market Savings Account** is a great tool for those members looking to build their savings without having to worry about the hassle of investing or the volatility of the stock market.

Want to see your savings go even further? Sign up for direct deposit and distribute a small portion of your paycheck to go directly into your Solutions Money Market account. By pairing direct deposit with our Solutions Money Market, you can simply set it and forget it. You will be amazed at how fast your account will grow.

On behalf of our entire team at Illinois Community Credit Union, thank you for the opportunity to serve you and we hope you have a happy holiday.

Cheers to the New Year!

Thor Dolan
